.... **Favorite Statement: “There is no place like Home”**

HOME (Defined):

An enjoyable, happy place where you can live, laugh and learn. It is somewhere where you are loved, respected and cared for

Prodigal (defined): to be separated or to go away...where we get the word “prodigy”

The Son was bewitched from his inheritance by these 8 D’s:

1. **Dissatisfaction-** This young man had everything he needed at home, yet he yearned for more
2. **Desire -** He wanted to enjoy things he’d never experienced - thinking that satisfaction would come if he could indulge his cravings
3. **Deception -** He was deceived and believed he was missing something in life, and it could be found outside of his father’s house

4. Decision - He chose to leave home and its restrictions in order to enjoy the life he imagined awaited him
5. Departure - He took his fortune and left his family to go to a far-off country
6. Delight - With plenty of money at his disposal- he enjoyed himself - tasted sin and believed these new experiences were the fulfillment
7. Disillusionment - Although sin may be enjoyable at first, the wages always result in death (Rm. 6:23)
8. Despair - After the money was all spent - He sold himself out to the pigpen
